Gary James Boudreaux, at the age of 75, passed away on June 4, 2021 at home surrounded by his loved ones. Gary was born April 5, 1946. He was a native of Norco and a resident of LaPlace.

He was a huge fan of LSU football (GEAUX TIGERS). He loved joking around with anyone that he was around. Gary's family asked: "that you spend time with your loved ones, eat good food, enjoy life and make time to do what you enjoy in life. That is what Gary would wish for you."

“ Gary you are my soulmate. You were a wonderful husband to me for 56 years. You were a hardworking man.
I love and miss you so much. My life will never be the same without you.
You are the love of my life and always will be. Now you are in heaven with God and many loved ones who have gone before you. I know you will be watching over me, your Children, your Grandchildren, your Great Grandchildren, your Son in Law and your Daughters in law. Till we are together again I love you with all my heart.

“ It was hard not to smile around Mr. Gary or Mrs. Sherlene. Two of the kindest souls that never failed to make me feel welcomed. Family was always the most important and that was visible to all who knows your family. It has been a pleasure to have known him and I pray for all of your peace as we celebrate his life.

“ My Dad, he has a heart of gold, he worked his entire life to provide for his wonderful family that was his pride and joy, not only did he work his 7 day a week job at the grain elevator, he also trapped, shrimped, crabbed and even caught lizards to be able to provide a wonderful life for his family that he loved soooo much. He would do without just so we would have what we wanted. He loved his wife, children, and grandchildren with all his heart. Almost every word out his mouth was something pertaining to his family, his family was and is still everything to him. I can remember him bringing home breakfast from an old bakery in LaPlace after working the dog shift and they had the best brownies, next to my mom's. I can remember when he almost lost his life from an accident at the grain elevator when I was a youngster and they had the hardest time getting me to go to school because I didn't want to leave his sight, they even had to get an old friend Mark Keller to come get me from under the bed because I didn't want to leave my dad. I can still hear him calling me cotton top. I remember taking him deer hunting and he was upset about a deer he shot and I comforted him because I had to finish it off. All I know now is that if I could take back time, I would, I would focus on doing more things with him the past several years. I'll say this to you all reading this: I take a lot of things for granted and if I could, I would erase all those years I didn't do things with my dad, I would. Life is short, in a split second our lives can be turned upside down.

Until we meet again and we will Dad, I LOVE YOU and always will and don't worry about mama we got her, I assure you she will be taking care of.

I LOVE YOU my best friend, my one and only, my Dad. RIP Dad you are in a better place. Love always and forever. Lonnie (Cotton Top).

“ My Daddy, My Hero, My Angel. You were the strongest man I ever knew. We didn't know just how strong you were until the day you went to Heaven. You fought a tough battle and in the end , you had to become an angel to watch over is and to continue to be strong . This seems like a nightmare. I miss you so very much. Be strong for us Daddy. We need it now more than ever. As tears are rolling down my face trying to write this, I leave this post with Love for you that cannot be measured. I will see you again Daddy. You are always with me. I Love you
