“ Jodi, Barry, Ashley & Christina..... My heart crumbled when my mother sent me the devastating news of Jessica's passing! ...I'm still in disbelief.... As you remember & to other's, I worked with Jessica for many years in the early 90's. I was there each morning to get her up & ready for her day and was there till the end of each day, helping her with any & all assistance she needed. For my time with Jessica., Jodi, Barry, Ashley & Christina also became my family & I became part of there's. I made her first "Barney" birthday cake for one of her birthdays , ...I went with them to Walt Disney World & even though I was Jessica's care assistant at that time in her life, Ashley & Christina were just as important in our every day task & adventures. I loved how much Jessica loved having her sisters be a part of her life, her world, no matter what we did each day. And I, too, enjoyed having them part of our time together , as well. Jessica loved all her family & friends. I enjoyed with admiration just how much Jessica loved her grandpa & Granny Robichaux. The bond that Jessica had with her granny is one I still hold dear to my heart to this day. However, the relationship that Jessica had with her mother & the endless, enduring, contagious LOVE that Jodi showed Jessica & has for Jessica is what I admired the most of being part of Jessica's life. I took a part of that kind of love, between a child & mother & I now have been blessed to give this type of LOVE to my own child, who also has a physical & mental disability. I learned alot those many years from Jodi & Jessica, but most of all, Jessica was the one who taught me that most special type of love! I have always thanked God for allowing me at such a young age, to have been so blessed to have had such a wonderful, kind, loving & beautiful soul, person, as Jessica was. She taught me so much & I always missed & cherished her all these years! To Jodi, Barry, Ashley & Christina , thank you so much for welcoming me into your family those many years ago. To my sweet, loving Jessica,.... I will ALWAYS remember our time together. All those fun sleep overs we had, fun days we spent with granny, that wonderful year we went to Disney World, watching you experience all that fun but most of all, all those simple times we spent together, whether it was making chocolate pudding after school, to just a nice long walk or visiting one of your friends with you, each day , each moment ment so much to me. I will always remember that wonderful, beautiful smile & that huge heart you had for every single person you met. I loved you so much Jessica! Thank you God for allowing me to have been so blessed having known this beautiful soul! You have always been in my heart, you always will.Christie

“ She was an amazing woman! She is a true warrior! She never let the world get her down, she just smiled, which was contagious. I hope to be as happy as she was! And she loved Dane Michael! The first time I met her she was calling for Dane Michael! She is with god, pawpaw Blakley, and the rest of the family that passed away too soon! Fly high Jess. Xoxo she will be missed forever! Sorry to her immediate family! Just know she's in heaven and being taken care of! Xoxo ! Rip Jess!

“ Jodi and Barry, you may not remember me but we worked together at First Pontchartrain/First Savings back in 1984 and 85. When I saw this sad news in the newspaper it brought back memories of this sweet angel for I knew her as "Baby Jessica". I am heartbroken for you and your family. I remember Jessica as such a sweet and loving child, and I especially remember the deep love and devotion that you and Barry had for her. Please know that you and your family are in my thoughts and prayers. As I read comments by so many people touched by this sweet girl, I can see that she was one of God's angels on earth, and now she is with our Lord and Savior in Heaven.

“ I never got to know Jessica personally, but ran into her several times at the hospital as she greeted everyone. I just recently collected one of her many hugs as I entered the Oschner Medical building for an exercise class. We spoke briefly because I hadn't seen her for a while. When I would see y'all in Church my heart would melt to see the love that was so evident between you all. I would watch her from across the aisles & sometimes even feel a little contact as she would give me the sweetest smile. My deepest condolences to all of the family. May you find comfort knowing that she has touched so many and loved by more. May she Rest in Peace Sweet Angel!

“ Jessica will be sadly missed. She attended physical therapy with us, and during this time she made new friends, brightened every one of our days, was a true inspiration, and shared her hugs. We will always remember her big smile and her bigger heart. From all of us at Performance, we are better for knowing you Jessica. Jodi,

We are so sorry for your loss. We will be praying for you and your family. Jessica was a shining star in the neighborhood. She always asked about my husband and boys every time she saw me. She will be missed.
