“ To you my dear niece, Terri: For 63 years I have stood by your side, watching you grow through the years. You were my Savior when Mom(mawmaw Effie) needed care. You were with her when I was working. She could not have had better care from anyone else. You gave your time to help with her. I will always cherish the awesome memories I have of you in my heart. You always had a smile on your face when greeting people. I know we will meet again one day and know that all our family members were waiting on you. You finally made it Home in Heaven after many days of suffering. God has gained another Angel. Dance through eternity sweetie and I know you took my memories and love with you on your journey Home. You were always special to me and had that special place in my heart. I love you now as I always did and will be with you one day. Kiss David for me, he loved you so. Loving you til eternity sweetie.

“ Terri I can't believe its already a week since you left us. I know you are at peace and out of pain. I will never forget ALL of the dancing and fun we had growing up! Can't forget all those mornings you dressed me and brushed my hair getting me ready for school because Mom was already at work. Growing up with you and Christy was the best part of my childhood because ya'll treated me like a little daughter teaching me things and protecting me. Terri if I would have know January 19th would have been the last day I would have seen you, I would have hugged and loved on you no matter what. You will forever be in my heart until we meet again! I love you and miss you sister!!
