“ Ms. Brenda, Yvonne, J, Tiff and all the grandkids, I want to send my deepest condolences. Carroll will be missed. Like all of us, he had his flaws. That said, he was a good man.
I worked for and with C for 25 years. Prior to his retirement in 2006, the last two years of his employment, we worked together daily on a special project mainly focused on development of a Product Quality program. We went on multiple trips around the country gathering information, evaluating what other companies were doing focusing on what would work best for the operation and the operators in Garyville. May I say that Carroll was very instrumental in developing an Evergreen PQ program that is alive and well today.

Personally, he taught me a lot regarding what to do and what not to do for which I am forever grateful. It made me a much better leader.

Always a Rebel.
