“ *Cathy was a great coworker. I usually found myself seeking her support across the phone or email. I always knew Cathy would know what to do. Cathy was always there to provide guidance and support any time I needed it. When I found myself being grumpy and short, she could set me straight in a flash. That is what made Cathy special. She could help you with the warmth of her heart and a smile on her face, even in the midst of chaos.*

“ *Cathy was such a caring person. I had the pleasure of working with her for 3 years along with her great Geocent family. Cathy always got to work early and we talked through daily issues on my way to work every day. She was dedicated to her work and her family. She will be greatly missed, God bless her family and the Geocent family that will miss her so much.*

“ *I only got the pleasure of meeting Mrs. Cathy at events like Sabrina's baby showers and the kid's Bday parties. At those events, I was unable to chat with her for long because she was always busy taking care of others and making sure everyone was happy. You didn't have to chat with her for long to know her, though. She expressed the love she had for her children and grandchildren (and everyone) through her joyful demeanor. She was passionate about her family and loved all of her kids and grandkids with every fiber of her being. That passion was felt just by being in her presence. I don't think she ever met a stranger. She treated everyone as if she had known them all her life and like they were family. There are people you know in life that you are around all the time and you don't learn anything from them; from the small time I was around Mrs. Cathy, I learned so much! She was a gift to all who knew her and will be missed so much. I will remember her by following her loving example and cherishing my loved ones as she did. To the family: I am praying that you find comfort and peace. I love all of you!!!*

“ Cathy would always help her co-workers in stressful situations, whether it be to make a joke at the right time, or to just say "I'll take it" when something tough needed to be done. She was always asking to see pictures of kids, offering to bring some of Butsie's gumbo in for us to share, or reminding us she would "be back on-line in about an hour" when she would leave the office because she wanted to make sure we knew she was always available to help with anything. The attached picture is from Cathy's volunteering at the 2nd Harvester Food Bank - and as can be seen, she always made it fun. Cathy brought joy to everything she did, and we will miss her dearly. I'm so sorry for the family she always spoke so proudly of, and so sorry for your loss....

I am so proud to say I had the privilege and honor of knowing and working with "Miss Cathy" for about 3-years. What a true blessing she was to EVERYONE she came in contact with. May The Good Lord Himself be with this precious family in the days, weeks, and months to come.

The Lord is your rock and your fortress and your deliverer; may you confidently know like King David, He is the God of your strength, in whom you can trust; He is your shield and the horn of your salvation; He is your stronghold and your refuge. (2Sam 22:2b-3 NKJV)

“ I first met Cathy when she was a server at Shoney's. She was always so sweet to us and went the extra mile to take care of us. We remained friends after that. The last time I saw her was at the grocery. I remember the big hug she gave me. She will be missed. My love and prayers are with the Murray family at this difficult time.

“ My sympathy to The family I know how much your heart hurts It's so very devastating when someone you love dies, it seems like all you can do is cry. And then you have a friend to share a memory or two with you it puts a smile on your face so true while your heart says Mom I sure will miss you!!! My grandson will miss you Cathy I learned so much about you from him. Rest now!

“ *Derek, Sabrina, Macie & PJ -
Cia and I are so shocked and saddened to get the news today that Ms. Cathy passed away. I didn't know her well at all but I remember her big personality and that she never treated me like "Derek's cousin". I might has well have been her own flesh and blood. I just don't even know what to say. Love you all so much. I'm so sorry for this huge loss and please give our best to your dad.*
