“ I miss my friend . . . Donna was a quiet friendly person whom I met and worked with at the DuPont Contractor Admin building in LaPlace about 12 years ago. When she left DuPont, she entrusted her prized plants to my care which amazed me that she actually believed in me to keep them alive!!! Little did I know that she watered and nurtured a seed in me that I didn't even know was there and which grew into my own love of gardening today. This mutual love of plants and gardening actually came full circle in the few months right before she passed. Donna and I continued our friendship after she left DuPont, mainly through several Bible studies, first in my home, then at her church in LaPlace, and most recently at the home of mutual friends. And she and the ladies of her church always loved to attend the St. James Community Church Ladies' Tea held at my church in Paulina every year.

Throughout all these years my experience of Donna is that she had a smile and a kind word for everyone, and there always seemed to be a cheerful peace in the room when she was present. I'm so grateful that my relationship with Donna grew closer when she was going through chemo and my husband was having surgery earlier this year. We would check on each other, and she would spontaneously bring a plant that she'd nurtured and repotted, and I would share with her the bounty from my vegetable garden. It was during one of these "dropoffs" that she suggested that maybe we could meet outside to visit longer with "social distancing" since Louisiana was in pandemic shutdown mode. The spring weather was cool and beautiful so I suggested that she come over to our house since the flowers were in bloom, and it was nice and shady in the yard in the late afternoon. So my husband and I got to enjoy several of these outdoor visits with Donna in our beautiful garden, the seeds of which she had helped to sow in me so many years ago. I don't think that I got to share this with her because I don't think I even realized it until I was writing this memorial to her life and what she meant to me.

Ralph and Allison and Christine, I am so sorry for your loss. I do

*believe that God granted her prayer that she shared with me that last Monday that she hoped she wouldn't suffer very long. And I also trust that one day we'll be together again singing and dancing and praising our Lord and Savior Jesus Christ, except that this tiime it will be with Him in heaven for all eternity!!! The thought of her now in heaven smiling and playing her keyboard to praise God just makes me smile through my tears because I miss her!!!*

“ *Although our relationship was short from the first time we met I could see the love that she carried with her. Her love for family was only surpassed by her love for God and His Kingdom. Her presence on earth will be missed by all that knew her but take comfort in knowing that she is now with her first love and she will remain in our hearts forever. ❤️*

“ *Having known Donna through Faithful Word Assembly, she will be greatly missed. She is a perfect example of how a quiet, humble, sincere, loving person can make a tremendous impact on all who knew her. Her encouraging words of comfort to me as I went through stage 4 cancer gave me hope and assurance in a time much needed, only a couple of years ago. I can only imagine the level of faith and courage she possessed as I know only God can give. We will see her soon in that great heavenly reunion! She has truly passed the test! Sincerely, Danny and Connie Theriot*

“ Donna was an amazing lady and friend. I met her two years ago when she started attending Faithful Word Assembly and her sweet spirit drew me in and we quickly became friends. After church we would eat out and fellowship and sometimes take a walk at the park. The thing that impressed me so much about her was that she never spoke bad about anyone. She also kept a positive attitude and though I knew she was in pain through the cancer treatment she still gave the Lord praise. The last thing she said to me was that she hoped she was worthy of heaven and that she impacted at least one person on this Earth by planting a seed that someone would later water. I will miss her greatly, till we meet again.

“ I knew Mrs. Donna throughout my childhood, and she always welcomed me into her family. She was kind and patient, and so generous with her time and charitable works. I remember her hugging and kissing her family when she would come home at the end of a day, and she always had a hug for me too. She had a lot of love to give. It was so comforting to be in her presence, and I will always remember the quality time I got to spend with her and the family with gratitude. My condolences and love to Allison, Christine, and Mr. Ralph. I think of you often and I hope that all of your fond memories bring you some comfort during this time.

“ Donna was such a wonderful friend, always a smile, never a negative thought. My husband and I will miss her so much. We only knew her for a little over 2 years, but she will be in our hearts forever. She would speak to my husband about his cancer and how he got through it. She was a very strong lady of Faith, as we are, and knew God was in control and she accepted it with such Grace. We had spoken to her a few days before she passed and let her know how much we loved her and were praying for complete healing. Our hearts were broken at her passing but we know she is with God and is our Guardian Angel as well as all others who were so Blessed to have her in our lives. Until we see you again in Heaven rest in perfect peace you deserve all God's Blessings. With our sincerest sorrow for your family, we pray God has them wrapped in love and peace, knowing you have no more pain, and you are watching Over them from Heaven. Good Bye for now Our dear friend. “ I had the honor of knowing Donna when our children Allison and Alice became friends in Kindergarten at Riverside. She truly believed in her faith and loved sharing her time and talents with the kids at church. We shared alot of fun times and I know she will be missed. As time passed we would run into each other at Don's and catch up.

*Ralph and Allison we are truly sorry for your loss and send prayers during this difficult time.*

*I first met Donna at a football game in Reserve. She was working in the concession stand. It was what parents of children who were in sports did to raise money for their activities. I walked up to her and said, hi. I am Joy! She seemed surprised, her beautiful blue eyes large, she said hello! I continued to explain to her that my son and her daughter are in the marching band together. She smiled at me and said nice to meet you. THAT WAS THE BEGINNING OF " A BEAUTIFUL FRIENDSHIP " ! A loving lady, a kind heart, a Christian, a wonderful mother, caring wife, and very crafty! Among all the characteristics I have mentioned, Donna was An Angel Walking on this earth, who showed. All how much God meant to her and why we should all follow His Commandments! Our Angel in Heaven, I love you my friend, Joy*
