“ Donnie Gaubert loved his sons with all his heart. He enjoyed spending times fishing, hunting and having cookouts with the family. Randal’s family were very important to him.
We were engaged for 8 years. Times became very difficult for him once Randal passed and we went through with the difficult funeral home decisions.
He tried to skip the event and drinking that day and has never stopped thinking he could have maybe save his brother. Mental pain from losing family members should be dealt with professional therapy. That did not take place. He couldn’t beat the battle.
We were going to marry after the boys graduated from High school
We all know the spiral that took place.
We talked a few times by phone . I just couldn’t go back to his same behavior.
We are all heartbroken and the Faucheux family sends our love and condolences.
We are so proud of Darren and Derrick as well as their beautiful families. He is as well.
He can rest in peace with his loved ones.
Good bye for now babe. I love you. 🙏💔💔💔
