“ I worked with Fred at Time Saver Stores and spent a lot of time with him when the mainframe computer system was having new report programs written by him. After he asked many, many questions about what my department needed in our reports. He ignored a lot of the items I requested and gave me what he knew I really needed. Then when he ran test reports we had lot's of time to review his fishing gear catalogs...
His dry sense of humor was an endearing trait that I'll remember most.
God Bless his soul!
Frank Massara
