“ Gary was a good Marine Corps friend of my Dad, Ken. He was always part of our family. I remember him coming out to visit every so often and he always made me feel so special and important. He would always remind me as a young girl about the importance of finding a guy who would honor and respect me. He was always so chivalrous. I remember going to dinner once when I was about 10 years old, and I got ride in the car with him, he opened the door for me and put his arm around me as we drove. I felt like a queen. He was so kind and treated our family like his own. I am thankful he got to be at my wedding and visit us as often as he did both as I was young and even after I grew up. He will be missed beyond measure. I will always remember his voice, his sweet Louisiana accent, and the way he was always a good friend to my Pops.

“ I met Gary in 1966, I was 8. He was my brother's friend. He always treated me like a princess and with his Louisiana French talk, I was in love. I will miss you but I know you'll always be with me. Xoxo
