“ *My sweet Pawpaw, words can not express the love I have for you and how much I will miss you. My heart breaks every time I look to see if you are there and you aren't. I will miss your smile, your laugh, your silly jokes and comments, and how you always filled a room with joy and laughter. Most of all though, I will miss you. Thank for always being there for me no matter what and being a father figure to me and my sisters that we can be so proud of. I have looked up to you my whole life and can only hope to be at least half the person you were. We will always have memories, but I would rather have you here with me. You were an angel on earth and now you are an angel in heaven. Give Grams a big hug for me and please watch over Dean and Aria as they grow up. Look after Bones as well because I know that he loves and misses you. love you with all of my heart forever and always. You will always have a special place in my heart. I will strive to make you proud as long as I live and we will be together again. I love you, Pawpaw, with everything in me.*
