“ *My wife & I will always appreciate the time Tom spent with our son, Luke, at the train club. Tom was always patient & willing to share his time & knowledge with a young kid who was just learning about HO trains. God bless,*

“ *BettyIt has been many years since you and Tom were in Hazlehurst Mississippi but you have always been a good thought from my special memory book....I have often wondered where life has taken you since back when I worked at the family service station and was privileged to meet ya'll....I am still in Hazlehurst and I am sending my love and prayers to you and your family...John 14*

“ *Tom was a kind and gentle person and a great friend. He gave so much of his time so willingly, helping wherever he could and contributing significantly to our club with his many talents. I was always amazed at the things that he built from scratch. I can never repay him for the time that he spent on most of my locomotives cleaning, oiling and checking them out after they went submerged in the flood. He managed to save nearly all of them. I always enjoyed spending time with him on our operating days and enjoyed working with him on the few projects that I was able to work with him on. He was truly a pleasure to be around and he will be sorely missed. I pray a special blessing on Betty and the rest of his family during this time of loss. Rest in peace "Chief".*

“ Tom was a friend to all PERIOD. He brought many model railroading skills to our train club and we all benefitted from his talents. I have a little different perspective of Tom than most of our club members. In countless trips to Jackson to work on the 3-Rail O Scale layout, we would find Tom under the HO layout fixing the wiring. This was long and ongoing work and Tom never backed away from it. We enjoyed many conversations on these "work days" at the club and I will truly miss Tom. I pray special blessings to the family during this difficult time of loss.....

“ Tom was the nicest and friendliest person I ever new. He will be sorely missed. God bless you and keep playing with trains in Heaven. My son, John F, misses your smiling, welcoming face. You were very attentive to him and he enjoyed the time you spent with him. You will truly be missed.

“ Tom has been such a wonderful friend to us. I cannot even begin to say all that he has done, and what he means to us. He took Quinton under his wing before he was old enough to join the club, and was there for him, supporting him in so many ways. Tom was at the club before most everyone else, quietly working to make sure that the track was running well. He was always willing to help other members with their trains, but it was especially touching when he repaired so many after the flood, offering a compassion and understanding that was deeply appreciated. He didn't ask for recognition for his own contributions, but made sure to recognize those of others. We feel so blessed to have had him as our friend. He is deeply missed!

“ Tom left a legacy on nearly every layout at our club in Jackson. I will never forget that, without prior notice, he installed a sound module in a building on our outdoor garden railroad. When the layout's power was turned on, the song "La Cucuracha" poured from the building and wafted over the railroad. We had no choice but to name the whole town La Cucuracha. That was more than five years ago. The song still plays.
