“ Ozzie you were always the only person who would show up the very day I needed you during the years I was struggling to take care of my elderly mother during the hot summer months to keep the AC up and running. Looking back, I can not imagine how I could of survive those times without your kindness and talents. I can not imagine what you had to endure over the years being treated like an outcast, when you just kept giving and giving of your self to all those in need. You are definitely one of the many Angels I have encountered on this earth.
