“ Without this man here, I might not be where I'm at now in life with my beautiful wife (Brother's sister Shauntel). I remember taking him with me doing who knows what, working through him to get to his sister. Thank you, Brother, for what you helped me with today. You will forever be missed but never forgotten. I sit back bawling thinking of you and about all the crazy and great things you've done, we had sometimes we didn't agree or fought about but that's okay, we worked them out. You would give the shirt off your back to help whenever somebody needed it. Just know this you have a beautiful wife (Kerrie) and wonderful son (Tyler) with the biggest hearts and as you look over them from up above, we will make sure they are taken care of down here. I'm thankful you and I were able to tell each other we loved one another prior to you leaving us. We Love you and always will. Until we meet again. RIP Brother brother-in-law
