“ *I was so saddened to hear of Rip's passing. We worked with Rip for many years at NORCO and he was one of the finest gentlemen that I have ever had pleasure of working with.*

That was 35 years ago and I never forgot him or Mr. Schultz.

My prayers will always be with him and his family.

“ Rip & Ferol became Harley buddies during 1998-2008 when they both enjoyed designing, customizing and riding their awesome bikes together. So many special trips, each highway, back road and destination meticulously planned by Rip... he was always excited to show Ferol new and interesting places that he did not even know existed. I am so grateful that they shared those fun times together, and I know Ferol treasures the memories. Rip was always so kind to me... he was a special man and he will be deeply missed.
