“ Although I haven't seen Little Ronnie in a number of years, we did talk occasionally up to the funeral of his father, my brother, Ronald William Holley, Sr. I will always recall how Little Ronnie was always so upbeat and who always had a story or two to tell. He also kept my cell phone full of photos/movie clips of Grayson through the years. As Little Ronnie's uncle, I'm only sorry I wasn't there more for him along with his brother and sister in years past. All I have left are memories and many old photographs that were taken by my mother, their grandmother, when Little Ronnie, Jeffrey and Kimberly were very young! I will miss talking with my nephew. May the soul of Ronald William Holley, Jr, and may the souls of all the faithful departed, through the mercy of God, rest in peace.

Hi Vera, I am the uncle of Dr. Holley. No one in his family advised of his passing. On Mothers Day, while doing research on the Holley family, I accidentally came across his death notice. Attempts to reach out to his siblings has proved negative. I would have been at His funeral services had I known. I would just like to know what happened to my nephew. We were talking to each other on a fairly regular basis and he kept the photos of Grayson's activities on going. If you or anyone can shed some light on what happened, I would be most graciously appreciative. Tom Holley

“ I met Doc when he started his ophthalmology residency. When he opened his own practice in 2006, I followed him & worked with him until the economy fell & he was forced to close the doors. He was a wonderful surgeon, physician & boss. When I became pregnant with my third son, he made sure my daycare expenses would not be an issue if I wanted to return to work. I have many fond memories of him & very blessed to have known him. He will be greatly missed! I pray God will continue to hold you & watch over your family in this time of grief!
